REGISTERED

Gentlemen:

A recent invoice received from you shows that you have incurred costs in excess of 75% of the estimated cost of the above contract.

This contract states that the Government shall not be obligated to reimburse the Contractor for costs incurred in excess of the estimated cost set forth therein. The Contractor also has the responsibility for notifying the Contracting Officer in writing at any time he has reason to believe that the total cost to the Government for the performance of this contract would be substantially greater or less than the estimated cost thereof. It is, therefore, requested that you advise the Contracting Officer in writing within ten (10) days that (a) this contract will be completed within the estimated cost provided, or (b) that you furnish the information required by the "Limitation of Cost", article of the Contract.

If the preparation of detailed cost information required by the "Limitation of Cost" article of the contract will delay your reply by more than ten (10) days you should furnish your "best estimate" of the costs by letter. This should be followed within fifteen (15) days by a letter with the required detailed information.

Very truly yours,

DECLASS REVIEW by NIMA/DOD
